

Essential Support for Your Eyes

NON GMO

M5M

Natural light, indoor light and digital devices all emit blue light. Your eyes are exposed to it all day long, indoors and outdoors. As the use of technology and digital devices increase, so does your exposure to blue light.

Mannatech Essentials™ Eye Support is specifically formulated with the clinically studied ingredient Lutemax® 2020 which provides two pigments, Lutein and Zeaxanthin, that fortify and support the macula's ability to protect against blue light. This eye support product offers the best natural ingredients as well as Glyconutrients, for a more complete, effective, yet affordable eye health product.

Our Eye Support softgel capsules may:

- Help support eye performance and eye health when using digital devices.*
- Support healthy eye function against high energy blue light.*
- Help reduce impact of screen glare.*
- Help support light adaption and visual acuity.*
- Support visual function.*
- Support contrast sensitivity.*
- Help reduce eye fatigue and strain.*
- Support general eye health.*
- Support macular health.*
- Promotes quality of sleep.*
- Helps support mental focus and healthy brain function.*

Provide the support your eyes need!

FUN FACT

71% of people sleep with their cell phone next to their bed, in their bed or in their hand.‡
